SPECIAL TRADE BULLETIN AND PRICE LIST

Wholesale Price List

May 1931

Special Bulletin

An unusually brisk demand is evident at this time, indicating a definite pick-up in retail buying. This should serve as a warning. We have met these increasing demands because we did not reduce our planting; however, it will be impossible for us to absolutely promise delivery on late orders.

We suggest that you check over your stock against this May price list as a reminder against items that have been overlooked either in growing or ordering.

Pompon Chrysanthemums, Coleus, Dusty Miller and Salvia are in popular demand again judging by the orders received here. Other "best sellers" include Fuchsias (Irwin's Giant Pink), Alternantheras, Vinca Variegata, English Ivy, Lemon Verbenas and Cannas. Demand for Lantanas is VERY strong.

* * * * *

Be prepared! Avoid disappointment to both yourself and your customers. Get your order in now. There is a convenient order form on page 3 and a postage paid envelope enclosed.

TRADE TERMS

PLEASE READ BEFORE ORDERING

ISSUED MONTHLY—Always refer to the price list for the current month, as this list cancels all previous quotations and is made on a strictly CASH BASIS.

SAFE ARRIVAL GUARANTEED

NOT LESS THAN SIX OF ANY VARIETY AT DOZEN RATES AND TWENTY-FIVE AT HUNDRED RATES. No charge made for packing or delivering to Express Company on orders of \$1.00 or more. A packing charge of 25 cents will be made on all orders less than \$1.00. All goods travel at customer's risk, and any claim for damage should be made to the Express Company upon receipt of goods.

CASH WITH ORDER

These prices are made on a strictly "CASH WITH ORDER" basis, regardless of the responsibility of the customer. We will however, allow 3% cash with order, 2% 10 days—all bills due net 30 days.

NON-WARRANTY

We wish it to be distinctly understood that while we take every precaution to have all plants and bulbs true to name, we give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any of the plants or bulbs we send out, and will not in any way be responsible for the crop. Every order we receive will be executed on these conditions only, and they must be accepted by the customer when ordering.

PACKING CHARGES

Please note that we make no charge for packing orders for more than \$1.00. On orders for \$1.00 or less, a packing charge of 25 cents is made. To the customer who comes after plants bringing his own trays, we will allow a liberal discount for packing charge.

JAPANESE BEETLE QUARANTINE

While we are in the Japanese Beetle zone, it does not interfere with our shipping. Several intensive inspections have failed to discover any beetles within six miles of our place. All shipments are accompanied by a certificate.

Our stock is in splendid shape. We would call particular attention to our stock of pot grown Vinca Variegata. We never had a finer stock or a better variegated strain.

FLORIDA PERMIT NOTE

We have a permit from the Florida Plant Board to ship our stock into Florida.
